NOR-AMIN M. HADJI ALI

Cagayan de Oro City, Philippines   nor-amin.hadjiali@outlook.com   (+63) 905 691 9279   in/nor-amin-hadji-ali-19268525a   noramin.netlify.app

SUMMARY

Knowledgeable in **React.js** and **Vite.js**, with strong experience in **computer networking**, including **MikroTik router configuration** and providing **technical support** during Capstone Project and On-the-Job Training. Also equipped with **software development experience** and proficient in troubleshooting. Seeks a position as a **Technical Support Specialist** or **Software Developer**. Highly adaptable, detail-oriented, and eager to learn new technologies to contribute effectively to team success.

EXPERIENCE

Software Developer
Barangay rorogagus east office.   **January 2025 - June 2025, Marawi City, Philippines**
- Designed and developed web applications using *MERN Stack (MySql, Express/node.js, React.js, and node.js)*, ensuring clean, efficient, and user-friendly interfaces.
- Developed a web-based system for resident profiling, certificate generation, and QR code encryption for document authentication.

RELATED EXPERIENCE

UI/UX Developer Intern | Technical Support Intern
The Launchpadteam Inc.   **September 2024 – December 2024, Davao City, Philippines**
- Redesign the User Interface of the main websites of the company, collaborating with senior UI/UX wordpress developers to enhance functionality and improve user experience.
- Contributed the whole User interface design in each page.
- Served as a Graphics Designer.

- Troubleshooting the problem encountered by the agents, and recorded the call logs after shift.

Capstone Lead Developer
Mindanao State University   **September 2022 – August 2024, Marawi City, Ph.**
- Spearheaded frontend development and design, building intuitive user interfaces using *vite.js*, *react Framework*, *HTML/CSS*, and *javascript*.
- Served as a team leader, Backend Developer including Mikrotik configuration.
- Acted as Product Manager, defining project scope, creating detailed timelines, and gathering user requirements.
- Managed the full documentation process, including writing the Capstone manuscript, detailing the development process, design decisions, and technical architecture of the project.
